Academic transcript — M.Sc. in High-Performance Computing

Eoin Lynch — 09261081

These are the grades for postgraduate-level mathematics courses obtained by **Eoin Lynch** while studying for the M.Sc. in High-Performance Computing at this College.

Academic year: 2009-10

Code	Module	ECTS	Grade
561	High-performance computing	10	II.1
562	High-performance computing laboratory	15	I
563A	Numerical analysis I	5	I
563B	Numerical analysis II	5	I
564A	Stochastic methods	5	II.1
565B	Financial applications	5	I
569	Seminar series	5	Pass*
3425	Partial differential equations I	5	I
3426	Partial differential equations II	5	II.1
599	HPC project — "Parallel gravitational N-body simulations"	30	Distinction
Total		**90**	**Distinction**

* module graded pass or fail only.

Notes on classification:

I	First class	>70%
II.1	Second class (first division)	60-69%
II.2	Second class (second division)	50-59%
III	Third class	40-49%
F	Fail	<40%
